June 27-29, 2022 • Tel-Aviv, Israel

In collaboration with

Dear Colleagues,

We would like to invite you to participate in the exciting upcoming **14th International Conference of the European Network for Mental Health Service Evaluation (ENMESH) – *Collectivism and Individualism in Mental Health***, which will be held in **Tel-Aviv in June 27-29, 2022**.

It is therefore with special pleasure that we welcome all stakeholders involved in mental health service evaluation to the XIVth ENMESH conference. The central theme of the conference will be 'Collectivism and Individualism in Mental Health', with a focus on four subthemes: (1) immigration, (2) multiculturalism, (3) mental health in zones of conflicts and trauma, and (4) translating clinical guidelines to person centered care. In addition, a special section will be devoted to research related to mental health and the COVID-19 pandemic.

The venue of our meeting is the Dan Panorama Hotel in the lively city of Tel Aviv, located on the Israeli Mediterranean coastline. The location offers opportunities to explore the rich history of the country as well as enjoying diverse cultural events and the rich nightlife of the city.

Our scientific program includes keynotes given by internationally recognized scholars as well as symposia, and oral and poster presentations on the four subthemes and other fields of mental health services research.

Sponsors, company representatives and professional organizations are cordially invited to participate in this important international event. The Conference is expecting over 300 participants.

With best wishes
